DID YOU KNOW?

Spending time in the sun gives hair a vitamin D boost, which is needed for the growth of new hair follicles. However, too much sun exposure damages the hair cuticle, resulting in dryness, split ends & frizz.

- Tissue Oil Hair with Creatine, Argan oil & Tissue Oil helps:
- Strengthen & rebuild hair from within
 - Moisturise & protect hair against heat damage
 - Smooth & repair hair from root to tip

Conditioning Hair Treatment Spray

A nourishing hair spray to help reduce the look of split ends and leave hair with a shinier look

TIP: Apply the spray to wet hair, focusing on roots and damaged tips

Treatment Hair Mask

An intense hair and scalp treatment to soothe dry scalp, strengthen hair, and promotes new hair growth

TIP: Advise your customer to leave on the Tissue Oil Hair Mask for 5 – 10 minutes before rinsing for deep conditioning and healthier, shinier-looking hair.

Tissue Oil Nourishing Treatment Conditioner

A nourishing conditioner that hydrates hair's follicles for a sleek, shiny look.
